Cooking, Sketching, Movies, Cycling, Cricket

SUMMARY

I'm a BSc. student with a specialization in cloud computing. I have a passion for learning and applying the latest technologies and trends in the field of cloud computing. I have gained hands-on experience in using various cloud services, such as **AWS, Azure**, to **deploy, manage, and scale applications and data**. I have also developed and implemented various cloud-based solutions, such as web applications, APIs and I have completed certifications in **azure**, **Linux, python**. I have a strong academic background and a **creative mindset** to tackle any challenge. I'm looking for an opportunity to demonstrate my skills and abilities and to learn from the best in the industry. If you are looking for a talented and enthusiastic cloud computing professional, look no further!

EDUCATION

BSc. Hons in CLoud Computing and Big Data
Reva University
2021-2024
